Tree Lighting Ceremonies

Lighting ceremonies are held in 8 cities throughout San Joaquin County. Each ceremony reflects the uniqueness of the community and involves local organizations, offering an opportunity for community members to gather and reflect. Memory boards list the names of those recognized by the lights on the tree. Please join us in seeing how your donation lights up the lives of our patients and their families.

Memory Boards

Memory Boards are posted the evening of each Tree Lighting Ceremony.

Mail in forms must be received 10 days (7 days for online orders) prior to the lighting ceremony to ensure placement of names on the memory board the night of the ceremony.

Tribute updates will be made near the 20th of December and will remain at each site through December 31.

Updates are placed at the end of the original tribute list.

Tribute will be listed alphabetically by FIRST NAME at each location.

We have updated our website!

Check out some of our new features:

*Donor portal where you can view your giving history, update your information and print your tax receipts.

*Make multiple tribute donations in one convenient check out process.
